

16th INTERNATIONAL RESIDENTIAL WORKSHOP in TUSCANY

MAY 16th - 21st 2020 PALAIA (PISA)

with **MASSIMO POLELLO**
DEEP INDIGO BLUE

A Residential Calligraphy Retreat workshop in
Tuscany where only blue indigo will be used!

Acrylics, inks, powder pigments, gesso, and several dying techniques for background on paper will be used to get a spiritual atmosphere to integrate perfectly our calligraphy. In combination with the blue backgrounds we will explore the expressivity of the calligraphic line in contrast with “distortions” of the romans letters.

INDIGO is a very spiritual color, it is linked to increased intuition and perception. It is one of the colors of the rainbow, a dark purplish blue gets its name from the indigo plant used to create the indigo dye. The oldest known fabric dyed indigo dating to 6,000 years ago was discovered in 2009 at Huaca Prieta, Peru. Many Asian countries, such as India, Japan, and Southeast Asian nations have used indigo as a dye (particularly silk dye) for centuries.
